- **Do you know what values you stand for?**
- **Have you defined your purpose in life?**

### Did you ever ask yourself:

- What do I want to be remembered for?
- What stops me from living my dreams?

### Program overview:

Leadership is an ability to influence others - nothing more, nothing less. In order to lead others, you must first lead yourself but if you do not know yourself, how can you lead yourself?

In this unique three day retreat program we take you to an inspirational location where surrounded by nature's beauty and tranquillity, far away from all your daily distractions, you are able to discover the hidden treasure that is nestled within you and transform the way you live, by the way you think.

We challenge you to embark on a journey of your own self-discovery and become empowered and inspired to release the hidden potentials that lie within you. This program's mission is to equip you with the necessary tools to realize your hidden potentials, and be moved to action. Your destiny is not what lies ahead of you but is your unrealized purpose trapped within you.

Build your confidence, spark your passion and gain a clear vision for your life, both personally and professionally.

### Why is this program unique?

**Knowledge** – Knowledge is only beneficial if put into practice. We equip you with practical tools on how to discover and reach your full potential.

**Location** – The program is always held at a very inspirational location.

**Experience** – We balance the training sessions with giving you enough time to enjoy the beautiful surroundings of each location. Whether it is golf playing, snorkelling or walking through some of the world's most amazing National Parks, every moment is designed to provide you with the best possible experience.

**It is all about YOU** – The whole program is designed with only YOU in mind. We give you sufficient self-reflection time to get to Know Yourself and set your priorities right. These three days are all about You.
